# SUFFRAGISTS AGREE ON NEW AMENDMENT

Legal Obstacles Removed in Plan for Voting on Ballots for Women.

FRAMED BY MARSHALL

ALBANY, July 13.-The woman suffragists have at last reached an understanding with Louis Marshall and other eading delegates of the constitutional convention regarding the submission of their proposed suffrage amendment to the voters next fall. For months there has been a serious legal question involved in relation to getting the legislative amendment before the voters without interference by the new Constitution, which is to be submitted at the

the best lawyers in the State have differed in the matter, but at last an amendment has been drawn by Mr. Marshall which will relieve the situation. I reads as follows:

"Provided, however, that if at the general election held in the year 1915 a majority of the electors voting there-on shall approve and ratify the amend-ment to section 1 of Article II. of the Constitution now in force, heretofore proposed by the Legislature, section 1 of Article II. of this Constitution shall be deemed thereby amended so as to embody therein the new matter con-tained in said proposed amendment so

Wants Square Deal for Women. Mr. Marshall, although an opponent woman's suffrage, has devoted much time and effort to see that they are treated fairly in the convention and at the poils next fall. He says that he hopes the suffrage amendment will be

hopes the suffrage amendment will be beaten, but he wanted to carry out the pledge of the Republican platform for a clear submission of the issue.

Should the women lose their amendment in the fall they will have a much harder time getting approval of it at any later election if the plans of the convention leaders go through. There is pending before the Committee on Future Amendments, of which Harold J. Hinman is chairman, an amendment which requires a majority of the ballots. which requires a majority of the ballots of three-fifths of the voters of the State on it for an unpaid State tax of \$126.

At the same time suffragists in Philadelon it for an unpaid State tax of \$126. At the same time suffragists in Philadelphia and throughout the East plan to buy the ear in and return it to Dr. Shaw. Says Dr. Shaw, "and the little car will become famous when the history of the entire vote of the State, and often even less, so that amendments to the organic law of the State have been made by a majority of a very small minority. However, a majority of 60 per cent of the voters would have to approve an amendment before it became operative should the new amendment so through.

\*\*Not Aimed at Suffragists.\*\*

This amendment was introduced by Mr. Marshall before he put in the suffrage amendment. It is not aimed at suffrage particularly, but is designed to prevent frequent amendments to the Constitution by minorities.

Mrs. Norman de R. Whitehouse, chairman of the publicity committee of the Empire State Suffrage Association, said last night that the amendment was acceptable to both branches of the suffragists.

Mrs. When it was presented to us by Mr. Marshall we accepted it unanimously."

The same time suffragists in Philadelphia and throughout the East plan to buy the car in and return it to Dr. Shaw. "The sale probably will take place."
